ROAD RUNNERS NEWS LETTER.

PRESIDENT - REX CROSS

JANUARY 1954.

Hon. Treasurer,
L. H. Griffiths,
21 Rydal Road,
Streatham, S. W. 16.

NOTICES

The next Council Meeting will be held at the Southwark Arms, Southwark Street at 6.30 p.m. on Friday the 5th February 1954.

Subscriptions for this year are not due until April but please check up whether you have paid for 1953 and so save our busy Hon. Treasurer much time.

Our Hon. Secretary for the Isle of Man, W.H. Kelly, is anxious to find out if there would be support for a road race of approximately 37 miles round the famous TT Course. Possibly there might not be a large response from the South, but such a race might fill a needed want in the North where there are fewer fixtures. Will anyone interested please write to Kelly direct at 46, The Park, Onchan, Isle of Man as soon as possible.

As little support for a Double Brighton race has been received following our Questionnaire, it has been decided to review the position in about a year's time. We understand that Ernest Neville, however, proposes to run such a race starting from Brighton at 10 pm on Friday the 16th of July 1954, but this will not be a promotion of the RRC and entry will be by invitation.

County & Area Secretaries:

Glamorgan - B.W.L. BALDWIN, Picton Villa, Campbell Terrace, Mountain Ash, Glamorgan.

South Africa - H. BALLINGTON, 53, Sandringham Place, Sherwood, Durban, South Africa.

Hardy Ballington has begun the task of founding a branch of the Association in South Africa and there could be none better suited to the task. Ballington has been through the mill himself and established himself as one of the pioneers of ultra long distance running both in this country and in South Africa. Well known in athletic circles in his own country, he also knows things from this end as well. Many of us were privileged to meet Hardy last summer when with his family he paid us a Coronation visit.

REPORTS.

The first Winter Social Meeting of the Association was held at the Polytechnic Annexe on the 10th December. Guy Butler's Olympic film and the RRC film were shown. The latter covers all our promotions from the 1952 London to Brighton race up to the Twenty Four Hour track run. Attendance at the meeting was most disappointing but the few who turned up enjoyed a most pleasant evening. The Club film is now on loan to South Africa.

Another enjoyable evening was the Polytechnic Marathon Reunion on the 2nd of January. Here again Arthur Winter and Mrs Winter did not receive the support their efforts deserved and we feel that members do not realise what they are missing by failing to turn out. The slight effort is always very well rewarded.

We will be holding similar functions from time to time and, while we cannot satisfy everyone as to time and place, we will do our best to please the majority, and we hope that everyone will endeavour to attend.

Our Lancashire Secretary, Arthur Bourne, sends us the following interesting report: -

"With the object of making a beginning at putting long distance road running of the map in the North a 50 mile run was staged on Sunday the 8th of November at Huyton on a four lap course certified by the Council Surveyor. George Stewart and Jeff Hartley, both members of the RRC and of Liverpool Pembroke set off at 8.30 a.m. accompanied by a few other runners from time to time for the fun of the thing. Hartley led by 20 minutes at the end of the first lap and increased this to 23 minutes at 25 miles, which he reached in 3 hours 15 minutes. At 38 miles however, Stewart reduced the lead to 17 minutes and then set about catching the younger man, which he did three miles from the finish. He finished full of running in 7 hours 20 minutes 30 seconds, Jeff Hartley's time being 7 hours 24 minutes 57 seconds".

1953 ROAD RUNNING PERFORMANCES
by Our Club Statistician, D.J. ROBERTS

This record includes each individual performance of every active member of the Association and, since few road runners are not now members, it is almost a complete record of all long distance performances during the year. Races over 14 miles only are included together with a few special events. Every care has been taken in this compilation but mistakes must inevitably occur in a task of this magnitude and the indulgence of our members is sought for any shortcomings. Performances of some members who have joined comparatively recently have necessarily been omitted.

The following events apart from those given in the Fixture List are included: -

LONDON TO BRIGHTON AND BACK RACE.

Before proceeding with the organisation of this race we must have Members' opinions upon the proposal.

In the first place we must know there is a need for such an event. The present idea is to start the race at Brighton at 10 p.m. so that Westminster would be reached in the early morning and the finish would be at Brighton in the afternoon.

Either July or October have been suggested as suitable dates. July would give short hours of darkness and a big welcome from the holiday crowds at Brighton and conditions would be more congenial for the Officials. If, however the weather is very hot, few might finish and the race might prove something of a fiasco. Informed medical opinion is not favourable and it is considered possible that in extreme heat serious consequences to competitors might result.

We are also reluctant to promote a race in the middle of the crowded summer programme. An October date would avoid the crowded traffic conditions of the holiday season and the race would follow as a sequence to the single journey race at the end of September.

You are asked to answer the following questions "YES" or "NO" and to detach and send the form to the Hon. Secretary please as soon as possible.

To: Ernest Neville, Esq.,
